

EARMARK DECLARATION

HON. KAY GRANGER

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, June 15, 2009

Ms. GRANGER. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I, KAY GRANGER, submit the following information regarding earmarks I received as part of the bill making appropriations for the Departments of Commerce and Justice, and Science, and Related Agencies for the fiscal year ending September 20, 2010, and for other purposes (H.R. 2847).

For the project titled "Child Abuse Training Programs for Judicial Personnel: Victims Act Model Court Project" in H.R. 2847, OJP-Byrne Discretionary Grants account, the legal name and address of the requesting entity is the National Council of Juvenile and Family Court Judges, 1041 North Virginia Street, Third Floor, Reno, Nevada 89503. The \$1,875,000 in the bill for this project will be used in planning and programming for work in Model Courts and in jurisdictions nationwide, including site-based and local, regional and national interdisciplinary training programs; Model Court site visits; Model Court cross-site visits; All-Sites Meetings; outreach to national State Court Improvement Programs; direct technical assistance to Model Courts and other jurisdictions nationwide; mentoring of non-Model Court jurisdictions; publications for national dissemination; research to evaluate Model Court work; and networking with national organizations. This project focuses on improving court practice in handling child abuse and neglect cases in jurisdictions across the country, and will have significant impact on the over 513,000 children in the nation's foster care systems. This juvenile justice prevention model has provided the ability to courts to not only improve their practice, but to provide long-term solutions to children and families. Through judicial education, strategic planning, evaluation and technical assistance (TA), this project has resulted in reducing the time in the system for children in foster care and the numbers of children in care in jurisdictions across the country, and has improved the quality of care children receive while under the court's jurisdiction. The National Council of Juvenile and Family Court Judges is supported by a number of funders both federal, state and private; and national and state-based that supports related work. Supplemental funding for this project has been applied for in the past, as NCJFCJ continually seeks a variety of funding sources for its projects.

For the project titled "Advanced Law Enforcement Rapid Response Training (ALERRT)" in H.R. 2847, OJP-Byrne Discretionary Grants account, the legal name and address of the requesting entity is the Texas State University, 601 University Drive, San Marcos, Texas 78666. The \$1,300,000 in the bill for this project will enable Texas State University to build ALERRT's Train-The-Trainer capacity to meet the training needs of the more than 650,000 law enforcement agents across the nation. Since 2002, ALERRT has trained more than 16,000 first responding patrol officers. It is an ongoing project to ensure that law enforcement officers have the most up-to-date training available on how to effectively respond to, address, and stop an active

shooter. Funding will enable the program to be established as a national training system; to further build train-the-trainer capacity; to enhance retention of learned skill by former students; to provide valuable research and evaluation to improve first responder abilities; and to provide investigative training and support for evolving threats. Texas State will provide any required matching funds.

EARMARK DECLARATION

HON. JOHN BOOZMAN

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Monday, June 15, 2009

Mr. BOOZMAN. Madam Speaker, pursuant to the House Republican standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 2487—the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2010.

Requesting Member: Congressman JOHN BOOZMAN

Bill Number: H.R. 2487

Account: DOJ, OJP-Byrne

Legal Name of Requesting Entity: Criminal Justice Institute (CJI) at the University of Arkansas, 7723 Colonel Glen Road, Little Rock, AR 72204

Address of Requesting Entity: see above

Description of Request: The funding of \$600,000 for the Arkansas School Resource Officer Program will be used to create a uniform School Resource Officer Program for Arkansas, which currently has no uniform standards, training guidelines or certification requirements for School Resource Officers. The funds will provide education and training for SRO's and school officials and provide safe school on-site assessments of Arkansas schools.

Requesting Member: Congressman JOHN BOOZMAN

Bill Number: H.R. 2487

Account: DOJ, COPS-Meth

Legal Name of Requesting Entity: Criminal Justice Institute (CJI) at the University of Arkansas, 7723 Colonel Glen Road, Little Rock, AR 72204

Address of Requesting Entity: see above

Description of Request: The funding of \$575,000 for the Arkansas Methamphetamine Education and Training Project will be used to provide the Arkansas law enforcement community with methamphetamine-focused courses that emphasize officer awareness and safety, effective management and investigation of methamphetamine-related cases, and the identification and rescue of Arkansas's methamphetamine-affected children.

EARMARK DECLARATION

HON. LOUIE GOHMERT

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, June 15, 2009

Mr. GOHMERT. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 2847, the Commerce, Justice, Science, and Related Agencies Appropriations Act of 2010.

Science, and Related Agencies Appropriations Act of 2010.

Texas Cyber Security Research and Training Institute Project. Department of Justice, OJP-Byrne. The University of Texas at Tyler, 3900 University Boulevard, Tyler, Texas 75799, \$529,000 to conduct research in conjunction with Mississippi State University on petroleum industry computer security and train law enforcement personnel in computer forensics. As cyber technology has progressed and gained importance internationally, the risk of security breaches and cyber related crime has dramatically increased, putting our nation at extreme risk to neutralization of our ability to produce and utilize energy. This project provides for instruction and training to provide a line of defense against these increased technological risks.

EARMARK DECLARATION

HON. RODNEY ALEXANDER

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Monday, June 15, 2009

Mr. ALEXANDER. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of the Commerce, Justice Science, and Related Agencies Appropriations Act, 2010, H.R. 2847.

Congressman RODNEY ALEXANDER

H.R. 2847

Department of Commerce—NOAA ORF

Louisiana State University located at 156 Thomas Boyd Hall, Baton Rouge, LA 70803.

The Louisiana Geodetic Spatial Reference Center; \$700,000. The goal of this project is to establish a Coastal Risk Management Institute to build the practices associated with living in coastal environments in the US and around the world through new partnerships in science, art and architecture and policy with engineering that reduces coastal hazards and enhances societal resiliency. This goal of the Institute is made possible by the alignment of coastal resiliency, infrastructure development and emergency management. Coastal resiliency is providing communities with accurate guidance of risks and ways that regional planning through housing development, landscape architecture, transportation systems and policy can be integrated to building smarter neighborhoods in the future to cope with increasing challenges of coastal landscapes. Infrastructure development includes designing both built and natural assets of coastal regions that must be integrated to provide protection, restoration, and economic development in ways that provide for more sustainable development. Emergency management includes forecasting, preparing, responding and mitigating the disaster events that occur in coastal regions. You can see how all three features of the proposed Coastal Risks Management Institute that is integrated to focus on reducing the risk of living and doing business in our critically important coastal margins is of national interests. The institute will consist of the following: LSU Coastal Sustainability Studio—A think tank that will harness earth, ecological and environmental systems research with engineering and landscape architecture to develop new concepts, knowledge, skills and
